Season 01 funnel: what a parent sees

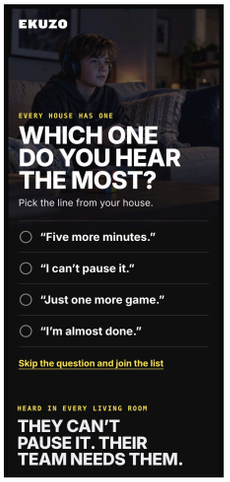

Everything here is live as of Oct 23, 2026. Example ad: d2 Overheard, our top ad (71 of the last 159 sign-ups). The top row is what every parent gets. The rows below are what happens if they tap a game or ask Karlin to text them.

1 · THE AD → **2 · LANDING PAGE** → **3 · CONFIRMATION** → right away → **4 · EMAIL 0 · DAY 0** → 2 days later → **5 · EMAIL 1 · DAY 2**

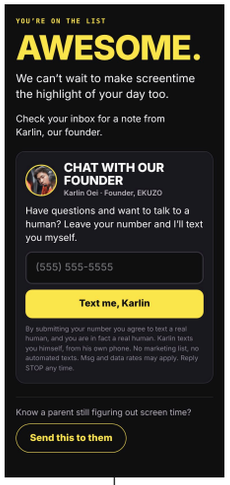

Meta, Instagram and Facebook. d2 Overheard: "I can't pause it." Turn screentime into practice.

ekuzo.gg/season1?ad=d2 picks up the ad's line, asks one question, then takes the email.

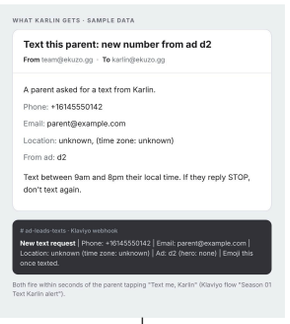

You're on the list. New: Chat with our founder, where a parent can leave a number for Karlin.

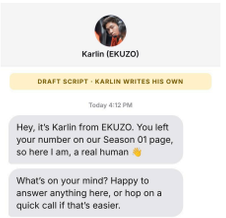

IF THEY LEAVE A NUMBER

Seconds later Karlin gets an email and #ad-leads-texts gets a Discord ping. 20 requests Oct 21 to 23.

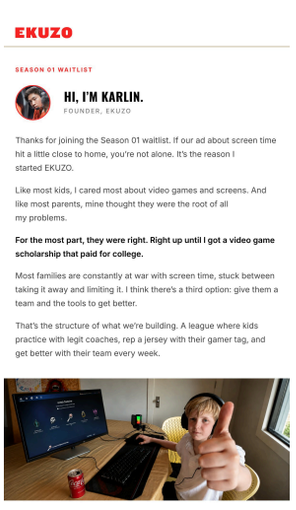

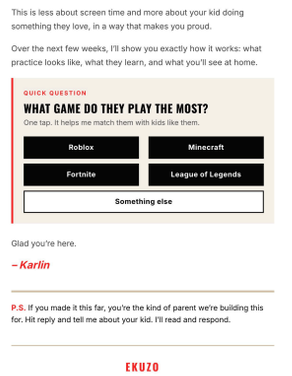

6 · KARLIN TEXTS THEM

From his own phone, 9am to 8pm their time. The thread here is a draft script. Karlin writes his own.

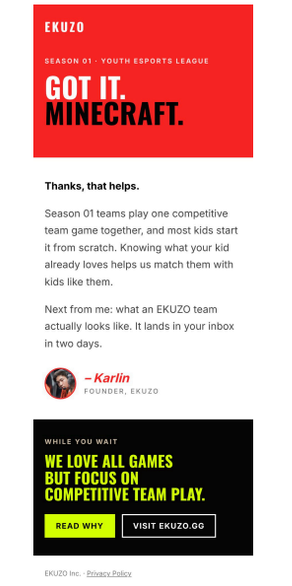

From Karlin. Why he started EKUZO, a real kid at his desk, and one tap: what game do they play the most?

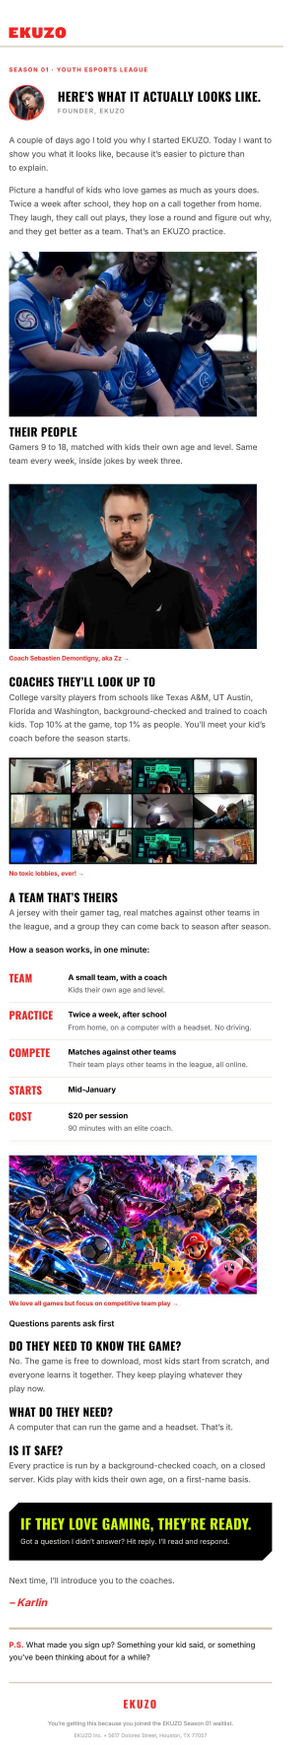

IF THEY TAP A GAME

ekuzo.gg/season1/thanks. The answer is saved in Klaviyo as an email click. No Meta pixel on this page.

From Karlin. What a team looks like: their people, the coaches, how a season works, cost, safety.

DECISIONS BEFORE WE BUILD

- Decided: $100 counts as January, then $160 a month
- Friend credit: how much each?
- Decided: refundable until Jan 1, 2027
- Jersey size: confirmation or email?
- Decided: early bird runs until Dec 1
- Decided: nights and time zone hand-picked per team
- Decided: camps and 101 stay listed, open by window

SEASON 01 EARLY BIRD, IN DETAIL

The proposed row from above, broken into the offer, the dates, every screen and email, and what stays open. See the clickable screens.

THE OFFER

$100 FIRST MONTH (WAS $160)

Saves their spot. Shown as a price cut, with no end date, so it is always true.

THEN $160 ON THE 15TH

Feb 15, Mar 15, Apr 15. Four months billed in all. Season total $580. Siblings 20% off.

REFUNDABLE UNTIL JAN 1, 2027

Full refund before the season locks. After Jan 1 the $100 is final.

FREE JERSEY, FIRST 100

$60 value. Their name or tag on the back. Numbered 1 to 100. After 100, a free t-shirt.

WHAT HAPPENS WHEN

NOW TO DEC 1
Waitlist gets first access, by email.

DEC 1
Opens to everyone. Same price. Sign-ups close 2 weeks before teams lock.

EARLY DEC
Placement questions: skill, age, location, nights that never work.

LATE DEC
Teams hand-built. Coach and practice nights emailed, before Jan 1.

JAN 1
Deposit becomes final. Parents have seen their team first.

MID JAN
Season starts. The $100 covers the first month.

FEB 15 TO MID MAY
$160 on Feb 15, Mar 15, Apr 15. Regular season, then the May final tournament.

THE SCREENS

1 EARLY-BIRD EMAIL

To: everyone on the Season 01 Waitlist list. People who join the list before Dec 1 get it by flow.

From: Karlin, founder. Plain and personal.

Says: you are on the list, so you get first access until Dec 1, before it opens to everyone.

The offer in three lines:
$100 saves the spot and covers January.
Fully refundable until Jan 1, 2027.
Free jersey for the first 100 families.

One button: Save their spot. The link carries their email so the form is already filled in.

Trust: one coach photo, one safety line, and a real number to text.

2 EARLY-BIRD PAGE

Where: /season1/early. Unlisted during the window, then the same page goes public and the ads point here.

Gate: soft. No code or login. Being in the email is the exclusive part.

On the page, in order:
Season 01 starts in January. A coach, a team, practice twice a week.
The four offer facts.
What happens when, with dates.
Three coaches, photos and credentials.
Safety in one breath: background-checked coaches, private team, same kids every week, sessions recorded, parents welcome any time.
Four short answers: the computer, the game, the refund, and what if no team fits.

Jersey count: shown only once fewer than 25 are left, so it is always true.

The form is on this page. No second page.

3 DEPOSIT FORM

Goal: done in about a minute.

Asked (required):
Parent first and last name
Email (already filled in from the link)
Kid's first name
Kid's age, 10 to 17
ZIP code, so we place them with kids in their time zone
Card, Apple Pay or Google Pay

Optional: mobile number, for team updates by text.
+ Add a sibling, 20% off ($80 today, then $128 a month)

Above the button: $100 today covers the first month. Then $160 on Feb 15, Mar 15 and Apr 15. That is the whole season: $580. Fully refundable until Jan 1, 2027. If we cannot find the right team, you get it all back.

Button: Save Charlie's spot, $100
Under it: Questions? Text a person. Send this to my partner.

Not asked: password, account, tag, jersey size, nights, games.

4 CONFIRMATION

Headline: Charlie's spot is saved.

Founding jersey (first 100; a t-shirt after that): Jersey 37 of 100 is Charlie's.
Then two optional fields: name or tag on the back, and size. Skipped? A reminder email asks again.

Bring their crew (the main ask on this screen): their link. Every friend who joins gets a free month, and so do you. Three friends and the season costs $100.

Help us build their team (optional, all skippable):
Games they play now
Rank, if they have one
Nights that never work

What happens next: the same dated timeline, with the refund date in plain words.

FOLLOW-UP EMAILS (KLAVIYO)

Receipt + what is next
Instant. Amount, refund date, timeline. Written so it can be forwarded to a partner.

Jersey details
Day 2, only if size or tag is missing.

Placement questions
Early Dec. Skill, availability, location, for the hand-picked teams.

Team placement
Late Dec. Team, coach, practice nights, first session, setup check.

Refund deadline
About Dec 22. Your deposit becomes final on Jan 1. Want out? Reply.

Billing heads-up
About Feb 8. $160 on Feb 15, then Mar 15 and Apr 15, the last payment.

PROGRAMS: ALWAYS LISTED, OPEN BY WINDOW

SEASON 01 TEAMS
Open now: early bird

The main path. While early bird runs, every enroll button on the site says Save their spot and goes here.

CAMPS
Opens before each break

Winter break, spring break, summer. Outside a window the button reads: Next camp, spring break. Notify me.

EKUZO101 TRIAL
Opens between seasons

A 4-week trial for kids not ready for a season. Suggestion: the $99 counts toward Teams if they join after.

HOW THE SITE KNOWS
One list of dates

Each program has an open and close date in one config file. The page swaps Sign up for Notify me on its own. Notify me adds them to Klaviyo with the program tagged.

UNDER THE HOOD (FOR JAMIE)

Stripe
Charge $100 now and save the card. In late Dec, create the $160 subscription billing on the 15th: Feb 15, Mar 15, Apr 15, then it ends. Siblings get a 20% coupon on both. A refund before Jan 1 is one click.

Jersey count
The webhook numbers deposits 1 to 100 in the order they are paid. The page counter reads that same number, so two families can never claim the same jersey.

Klaviyo
New event, Placed Deposit, sends the receipt and starts the follow-ups. Product email stays in Klaviyo per our split. The waitlist list stays for nurture.

Sheets + Meta
One row per kid: deposit, age, ZIP, jersey number, size. Meta gets a $100 Purchase on deposit; Lead stays on the waitlist, so ads can later optimize for deposits.

Site switch
Today one setting sends every button to the waitlist. It becomes per-program windows, and the waitlist popup becomes the deposit page.

DECIDED (GREEN) AND STILL OPEN (YELLOW)

Season: mid Jan to mid May, 4 months billed

Waitlist gets first access until Dec 1

No team fits: full refund

Siblings 20% off, deposit too ($80)

Billing on the 15th of each month

Season total $580: $100 + 3 x $160

$100 first month stays, shown as a cut from $160

After 100 jerseys: free t-shirt

Sign-ups close 2 weeks before teams lock, then recruit to fill

Friend joins: both get a free month

Free months stack: 3 friends = 3 months

Team lock date?

Fourth friend and up: credit rolls to next season?

Do siblings count as referrals?

BRING THEIR CREW

Games are best played together. Every friend who joins earns both families a free month, and it stacks.

WHAT A FAMILY PAYS

FRIENDS WHO JOIN	YOU PAY FOR THE SEASON	MONTHS FREE
0	**$580**	None
1	**$420**	Feb
2	**$260**	Feb, Mar
3	**$100**	Feb, Mar, Apr

Each friend pays $420: $100, then $160 on Mar 15 and Apr 15, with their Feb 15 month free. At the sibling price a free month is worth $128.

RULES THAT KEEP IT SIMPLE

Credit after Jan 1
Both free months land once the friend's deposit is final, so a refund can never earn a credit.

Next bill first
Credits come off Feb 15, then Mar 15, then Apr 15, in that order.

The friend's month
Their free month is their Feb 15 payment. Same for every friend.

Three covers the season
Three friends means the whole season costs $100. What a fourth earns is still open.

Placed together
Friends land on the same team where age and skill allow. We say where we can, never a promise.

One link per family
On the confirmation and in the receipt email. Built on the camps crew link. A family cannot refer itself.

Why it pays: a friend pays $420 and you give up $160, so each friend adds about $260 of revenue, plus a teammate who already knows someone on the roster.

OPEN QUESTIONS FOR THE CALL

Drop a sticky with the answer in the box under each question. Red outline means discuss first. Once a question is settled, we update the flow and the screens.

BEFORE WE BUILD

Changes the screens or the Stripe setup

Q1. Cancel after Jan 1?
Can a family cancel mid-season, or are they committed through Apr 15? Sets the checkout consent line.

We are strongly committed to the full season. If a kids leaves the team it impacts other teammates. Just like real sports you can't get a refund. But if will bill monthly this gets sticky. We potentially change the payment model from monthly/season with a 10% discount.

Q2. Online from home, or partner sites?
Screens say from home. Ads show Boys and Girls Club jerseys; notes mention 100 families per focus metro.

we are entirely remotes. We are going to work on removing organization photos and in-person scenarios. If we grow community enough we could host in-person events.

Q3. Which game?
Screens say League of Legends. Notes say likely several games; an ad says same game. Console-only kids?

Right now we are focused on league. We are evaluating other games but for now League of legends is our main game. Right now the commitment is $100 the game doesn't matter. We will determine our offering once we have interest. We play team competitive games and league is currently the best for our program

Q4. Jersey: address and deadline
We collect no shipping address. Size deadline, vendor lead time, name-on-back check.

We are going to separate the jersey experiences and the details required to its own step. We're thinking we are going to link the parents to a portal or wizard that will gather all of their information.

Q5. Team lock date
Sign-ups close two weeks before it.

Karlin will give dates.

Q6. Failed payments
If Feb 15 or Mar 15 fails: how many retries, and when is the spot lost?

stripe default

BEFORE THE EMAIL GOES OUT

Needed before the waitlist hears about it

Q7. Coaching capacity
How many teams can we staff? Hard cap, or a waitlist for Season 01 itself?

this volume is driven by sign ups. We can scale as needed.

Q8. Forms parents sign
Code of conduct, release for recorded sessions, any waiver. Sent with team placement?

our waivers and consent will be sent alongs as setup progresses.

Q9. Terms of service
Deposit, recurring charges, refunds, friend credit, and the $160 was-price line.

terms of service will live with our sign up and parent wizardAnswer

Q10. Who answers the texts?
Every screen says a person answers. Real number and who covers it.

Karlin, for now. Once we scale and this becomes overwhelming it will be Jamie or Aaron. If we continue to scale we will eventually have a community manager.

Q11. Current families
Do past camp, 101 and EKUZO100 families get first access too?

We don't have enough kids for this to matter. They're already in their own season and will continue as usual.

BRING A FRIEND

Edge cases in the free-month credit

Q12. Friend refunded, no team fit
Does the inviter keep the credit? Suggest no, same as the Jan 1 rule.

"when it locks," is what it is.

Q13. Joined without the link
Add a Who invited you? field and match by hand?

I don't think this is necessary

Q14. Inviter leaves before Jan 1
Does the friend still get their free month?

Yes

Q15. Fourth friend and up
Credit rolls to next season?

No (manually reach out to these people)

Q16. Siblings as friends?
Do siblings count as invites? Suggest no; they already get 20% off.

no, the discount should only apply per family.

LAUNCH

Getting from here to Dec 1

Q17. Ads and landing swap
12 ads promise a free waitlist. New creative and pages when deposits open.

We can maintain waitlist as a strategy (for nurture perspectives).

New pages will be built for the shortcut.

Q18. Waitlist nurture
Emails for waitlist families who have not paid by Dec 1.

we will need to build these nurture flows as needed.

Q19. What counts as success
Deposit target by Dec 1 and an acceptable refund rate, written down before launch.

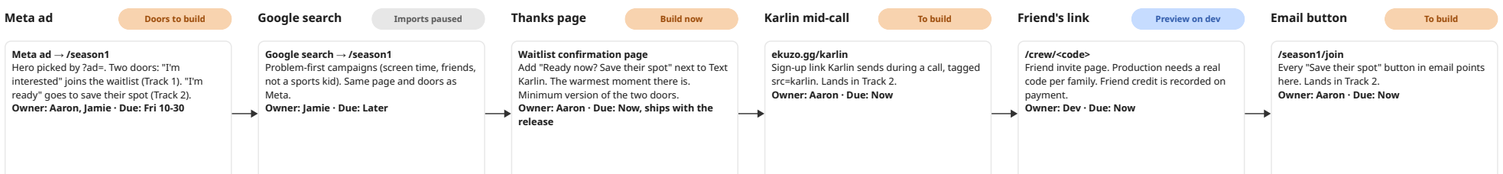

Dec 1: deposits
Dec 31: teams assigned

Q20. Owners and dates
Deposit flow, Klaviyo emails, jersey counter (Jamie). Screens and copy (Aaron). Ship date for the email.

we'll that shit out.

Open questions from checking Klaviyo

1. Friend credit: the early-access handoff says a free month per friend, up to 3. This brief says $160 off, four make it free. Pick one before the crew emails.
2. Klaviyo has no segments yet. "season1_status is set" is the first one, and it's a UI step.
3. 55 profiles are on no list, and 5 past camp buyers sit on Purchasers. Route them to nurture or leave them out?
4. Where does the "?" after Committed end: first practice, renewal, or referrals?

4 Track 3: general nurture ("Gaming Matters")

Beehiiv runs the weekly editorial; dated offers stay in Klaviyo and go to everyone unpaid. Slower cadence, ask in the P.S. except dated sends.

3 Track 2: after conversion (Committed → ?)

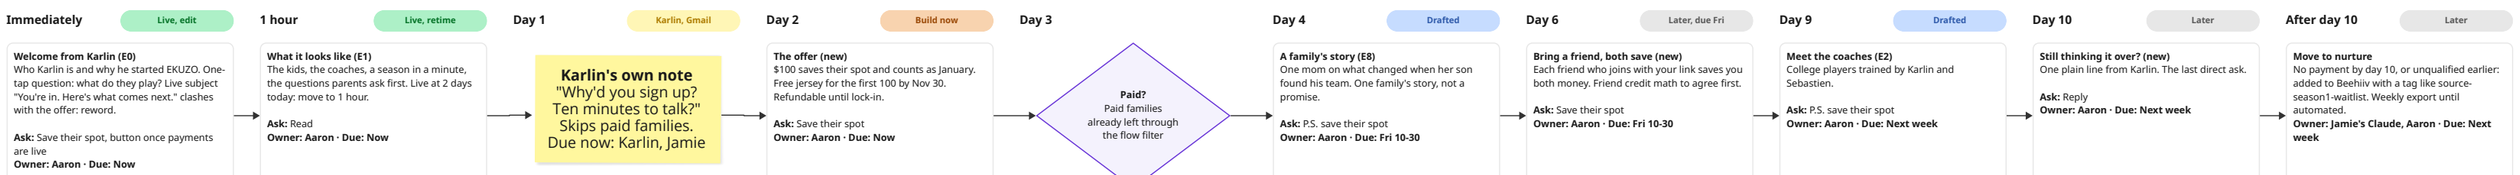

New Klaviyo flow on the "Season 01 Committed" event. Covers everyone who pays, including families who bought straight from an ad.

2 Track 1: warm leads (Interested → Committed)

Klaviyo flow "Season 01 - Day 0 Welcome", triggered by joining the Season 01 Waitlist. Daily while they're warm, then slower. One ask per email.

Flow filter to add (now): season1_status is not set. Klaviyo checks it before every step, so a family exits the moment they pay and Track 2 takes over.

Season 01 funnel: current screens (Oct 28)

Branch season1-commit, phone view, sample names. Goes live Wed 10-28. Ad, landing and waitlist emails are unchanged (frame to the left). The receipt email is a Klaviyo draft for Jamie.
